Date: March 18, 2015

Subject: Utilities Department Fleet Vehicle Purchase

Staff allocated funds in the FY 2014-2015 water and wastewater utilities budget to purchase eight service vehicles. All of the vehicles are replacements for existing ones that have reached the end of their useful service life. Bid specifications were prepared and a Request for Bids was publically advertised in the News Herald and on the City website.

One bidder responded and a bid tabulation is attached for your review. Staff recommends that the Council authorize the City Manager to purchase the eight vehicles from Hub City Ford, for the total amount of \$217,289.

Costs will also be allocated between the water and wastewater divisions by use as shown on the bid tabulation. This annual fleet purchase is budgeted and total costs are below the budgeted amount. Upon approval, purchase orders will be issued and delivery of all vehicles is expected within 20 weeks thereafter.
