Diane Fowler, City Clerk

## **Staff Report**

January 27, 2016

To: City Council

By: Jim Ponek, Director of Parks and Recreation

Staff is recommending the attached Resolution prepared by City Attorney to be approved.

The resolution is an agreement for the City of Panama City Beach to continue service with Gulf Power in the term of a 5 years. This service agreement is for 14 new lights, poles and underground infrastructure along the walking trail and sidewalks on the South Complex ball fields.

This agreement replaces an existing agreement that the City has with Gulf Power at Frank Brown Park. Due to the new improvements of the South Complex ball fields at Frank Brown Park, Gulf Power is requesting a new 5 year agreement to be put in place due to the new lights, poles and underground infrastructure being installed.

The current cost we are paying per light per month is \$26.27 and the estimated new cost per light per month will now be \$29.44. This adds up to all 14 lights monthly at \$412.16 and annual cost of \$4945.92

City Attorney, City Manager and Finance Director have reviewed and approve the recommendation of a resolution accepting this new 5 year agreement with Gulf Power. See attachment A.

The Applicant requests Gulf Power Company to furnish the facilities described on Sheet No. 7.16.1 and the necessary electric energy for the operation thereof and hereby agrees to take and pay for the same in accordance with and subject to the Company's Rate Schedule "OS (PART I/II)" and Rules and Regulations for Electric Service on file in its office and on file with the Florida Public Service Commission or any changes therein as approved by the Florida Public Service Commission. In consideration of the supplying and maintenance of said electric current and facilities the Applicant hereby grants to Gulf Power Company, the right to construct, operate, and maintain upon, over, under, and across the premises located at the above service address its poles, lines, facilities, and appliances necessary in connection therewith for the transmission of electric power together with the rights of ingress and egress to and from said lines and the right to cut and keep clear all trees and other obstructions that may injure or endanger said lines. All fixtures, equipment and material used in the construction, operation, and maintenance of said facilities shall remain at all times the property of Gulf Power Company. The contract term as provided by Rate Schedule "OS (PART I/II)" shall be for an initial period of not less than three (3) years. Additional facilities required for the installation may constitute a longer term. At the time Gulf Power Company begins to install any facilities applied for herein, this application becomes a contract for a term of 3 years and thereafter from year to year until terminated by notice to either party by the other. Any damage done by vandalism shall be handled in accordance with the provisions of Rate Schedule "OS (Part I/II)". The location of said facilities shall be as specified by the Applicant and the Company shall be held harmless in connection therewith or the use thereof. Should the Applicant discontinue this service before the expiration of the full term of contract all unpaid charges for the full term shall immediately become due and payable. In the event the supply of electric current should be interrupted or fail by reason of accident, or condition beyond the control of Gulf Power Company, the service shall be restored within a reasonable time and such interruption shall not constitute a breach of the contract, nor shall Gulf Power Company be liable for damages by reason of such interruption or failure. For street lights, lamps are located on MAP which is hereto appended and made a part hereof.
