6. BACKGROUND: (WHY IS THE ACTION NECESSARY, WHAT GOAL WILL BE ACHIEVED)

The City Utilities Department uses a compact track loader with a forestry cutter package at Conservation Park to mechanically thin heavy brush and trees (up to 6" diameter) in preparation for prescribed burns. The thinning and subsequent burning is performed as part of staff's ongoing effort to restore the site back to what existed prior to its use in a commercial pulp wood growing operation. The current unit has been in service since 2011 and needs to be replaced since it has reached the end of its service life.

Bid specifications were prepared, a solicitation for supply was publicly advertised and two bidders responded. A copy of the bid tabulation is attached.

Staff has reviewed the bids, and recommends awarding the purchase order to the low bidder, Rental LLC/ Bobcat of Panama City in the basic amount of \$87,722 for supplying the Compact Track Loader with a forestry cutter package.

This purchase is currently budgeted and the proposed expenditure is within budget. The old unit will be retired in the near future after the City takes possession of the new loader.

WHY - To allow the City Manager to issue a Purchase Order to Rental LLC/ Bobcat of Panama City for supplying the Compact Track Loader with forestry cutter package.

WHAT - Allow staff to continue the work needed for restoration of the Conservation Park site.
