Re: Barricade Plan for Pirates of the High Seas Fest Parades

October 7th and 8th – Pirates of the High Seas Festival

Per the direction of the City Manager, we are providing the barricade plan for the 2016 Pirates of the High Seas Festival. For the 2016 Mardi Gras and Music Festival, we added an additional 200 barricades to bring our inventory to 400. This action was taken after our post-event meeting in 2015. With coordination between the Panama City Beach Police Department, Fire, the Krewe of Dominique Youx and Pier Park, we took action in defining the areas that needed the most attention.

The additional barricades were used from the roundabout on LC Hilton and they continued down to the intersection of South Pier Park Drive and Longboard way. In our post event meeting for the 2016 Mardi Gras, reports from every organization indicated that there was a noticeable difference in crowd management. The most significant being the area of South Pier Park Drive leading up to roundabout on LC Hilton.

This year, we have purchased an additional 100 barricades. Those barricades will be placed north of the circle stage at critical areas where the crowd tends to push in on the floats. Additional barricades will be placed on the various turns that the parade makes in order to help ensure crowd safety. In addition, security guards will be placed in those areas to ensure people do not push past those barricades.

Through the coordination of Police, Fire, the Krewe of Dominique Youx, Pier Park and the Convention and Visitors Bureau, the Pirates Festival and Mardi Gras Parades continue to improve in both visitor experience and most importantly crowd safety.
